Color key

One cell is one stitch. All rectangular positions are worked.

Letters identify your colors, not needle instructions or a yarn brand.

	A / Background / #f7f0dd	1335 stitches
	B / Color 2 / #355b52	125 stitches
	C / Color 3 / #aa3d4b	236 stitches
	D / Color 4 / #db9d4f	32 stitches

Use a blocked swatch in the same stitch, yarn and needles to estimate size.

This motif is not a complete garment pattern; counts are stitches, not skeins.
